

`moving_sphere::bounding_box`

`moving_sphere::hit`

`moving_sphere::center`

```
graph LR; A[moving_sphere::bounding_box] --> C[moving_sphere::center]; B[moving_sphere::hit] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two boxes stacked vertically. The top box contains the text `moving_sphere::bounding_box` and the bottom box contains `moving_sphere::hit`. Both of these boxes have a black border and a white background. On the right, there is a single box containing the text `moving_sphere::center`. This box also has a black border but has a light gray background. Two blue arrows originate from the right side of the left boxes. One arrow starts from the right side of the top box and points to the left side of the right box. The other arrow starts from the right side of the bottom box and also points to the left side of the right box.
